I. Background

In the **Federal Register** of November 18, 1997 (62 FR 61476), FDA published a proposed rule to amend the nutrition labeling regulations to change the reference amount customarily consumed per eating occasion for the food category "Baking powder, baking soda, pectin." A final rule based on that proposed rule was published in the **Federal Register** of March 16, 1999 (64 FR 12887).

FDA examined the economic implications of that final rule as required by the Regulatory Flexibility Act (5 U.S.C. 601–602). The agency determined that the final rule would have a significant economic impact on a substantial number of small entities.

In compliance with section 212 of the Small Business Regulatory Fairness Act (Public Law 104–121), FDA made available (via the Internet) a small entity compliance guide stating in plain language the requirements of this regulation.

FDA is issuing this SECG as level 2 guidance consistent with FDA's good guidance practices regulation (21 CFR 10.115(c)(2)). The SECG represents the agency's current thinking on the subject. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

II. Comments

Interested persons may, at any time, submit written or electronic comments on the SECG entitled "Food Labeling; Serving Sizes; Reference Amount for Baking Powder, Baking Soda, Pectin" to the Dockets Management Branch (address above). Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments should be identified with the docket number found in brackets in the heading of this document. A copy of the document and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

III. Electronic Access

Copies of the SECG may also be viewed on a personal computer with access to the Internet. The Center for Food Safety and Applied Nutrition's home page includes the SECG and can be found at <http://www.cfsan.fda.gov/~dms/sodaguid.html>.
